

As part of this offer:

- ▶ Glenture will bring together a custom team based on the skill sets and the scale of the operation required. For example, a team of 1 onshore and 4 offshore team members would cost a **low blended rate** of \$35/hour which equates to 800 total hours/month for a total cost of \$28,000/month.
- ▶ **Competent onshore team leads** will coordinate with IT/Business managers and be a single point of contact for all communication and issue resolution.
- ▶ **Ability to maintain a 24/7 monitoring and resolution schedule.**
- ▶ **Option to make small enhancements to the application** to address additional requirements and bug fixing.

▶ Application Support and Maintenance
